## Chase's Report

The maintenance staff has been busy with several projects. We have removed several dead trees throughout the course and have pruned many that are beginning to encroach the fairways. We are also in the process of widening the path between the deck and the West practice green. This will allow better traffic flow through this area. We are also removing the landscaping stones, which were in constant need of repair, and replacing them with a decorative curb. This will greatly improve the appearance of the walkway to the pro shop. If the weather cooperates, we will be installing a creek bed in the swampy area along 9 West. This should be a big improvement on an area that, despite much hard work, has remained unplayable for several years.

We would also like to take this opportunity to thank everyone for a great 2009 golf season. Your support and encouragement is always appreciated, and we look forward to a great 2010.

## GOLF SHOP

## Eagles

Congratulations to Steve Hoss for his eagle on hole #7 East. Steve was playing golf on Thursday, November 5, 2009. After hitting his second shot into the garden spot, he was 123 yards away from the flag and holed out for his eagle three!

On Sunday, November 15, 2009, Brett Miller was playing hole #6 South. After hitting a hybrid for his second shot, he drained an 8-foot putt for his eagle three! Way to go, Brett!
